## Ned Marks

United States

## "Wheels"

Ned Marks turned pro in July 2009 after a strong 4 year career at Denison University, where he twice won the most improved player award and finished at the #1 overall spot on the team. Coming in from Brunswick School in Greenwich, CT, Ned originally played #5 on the team, but once he set his sights on the top, he never looked back. He began training vigorously and lost 20 pounds, and eventually surpassed all the other team members to take the top spot. He was also a two year captain and the two year president of the club team, which reached a high of #17 in the country.

Ned is currently the Head Varsity and JV boys coach at St. Luke's School in New Canaan, CT. Ned also travels around to local clubs, spending time teaching kids the game and ways to improve. He is one of the upcoming American stars on the Pro Squash Tour, and reached a world ranking of 223 in April, 2010. Last year he was the JV coach at Greenwich Academy, a team that has won numerous high school national championships over the last decade.

Ned is known for his mental tenacity and never say die attitude on court. He is one of the fastest moving squash players in the world, and has an incredible ability to retrieve balls that are seemingly impossible to get.
